Directions for taking the American Heart Association (AHA) HeartCode® PALS course

HeartCode® PALS is a comprehensive program that uses a series of videos and simulated pediatric emergencies to reinforce the important concepts of a systematic approach to pediatric assessment, basic life support, PALS treatment algorithms, effective resuscitation, and team dynamics. Using eSimulation technology, students can assess and treat patients in virtual healthcare settings. In this environment, students also apply their knowledge to real-time decision-making and skills development. Debriefings and coaching are provided immediately after each simulation to facilitate learning.

Course cost: \$132

[Click here to access the HeartCode® PALS course.](#)

The course will take about 7.50 hours online to complete.

When you complete the **HeartCode® PALS**, print the certificate and call our office to schedule a skills check at 205-934-2595 or email bremssctc@uab.edu. Skills checks can be done Monday – Friday between 8:30am – 12:00pm depending on instructor availability, but you must have an appointment. The skills check will be done at the BREMSS office (address above). There is plenty of free parking in the gravel parking lot beside the building. The skills check will be done on an individual basis and will only take about 30-45 minutes of your time. The cost of the skills check is \$30.00, payable only with a check, money order, debit or credit card. **NO CASH!**

The American Heart Association Heartcode® PALS card will be emailed to you immediately upon successful completion of the skills check off.

Please call if you have any questions.
